AscndLabs: $150 Affiliate Program Scope

Goal: make the product look like an affiliate-program tool and get five paying businesses live. Do not rebuild the platform.

AI Builder and AI Assistant Viral Hooks, Product Generator, Niche Launchpad Daily bonus, Empire score, Discord, leaderboards "Affiliate Army" wording Sell Products as a main feature	Dashboard Affiliates / invite flow Earnings Payouts Profile Admin Pricing	Rename product: **Affiliate Program Manager** Rename Affiliate Army: **Affiliates** Dashboard: affiliates, sales, commissions, pending payouts Affiliate page: referral link, commission rate, quick stats One simple Create Affiliate Program screen: business name, rate, cookie duration, invite affiliates Update pricing copy for affiliate programs

DO NOT BUILD FOR THIS BUDGET: multi-business workspaces, Stripe/commission redesign, affiliate marketplace, applications, AI features, multi-level referrals, custom payouts, or advanced analytics.

Result: a cleaner, credible demo you can sell first. Build real multi-business functionality only after the first customers pay.
